UNDER THE NAME AND FIRM OF

RUFUS KING & CO.

OFFICIAL PAPER OF THE CITY.

PROCLAMATION BY THE GOVERNOR.

The Governor of the State of Wisconsin hereby designates that *Thursday the 27th day of November, instant*, to be observed by the people of this State as a day of *Thanksgiving and Prayer*, in unification of their gratitude to the Supreme Giver of every good and perfect gift for the numerous and diversified blessings enjoyed by us the past year, and as indicating our worthiness to be the recipients of like benefits during the year ensuing.

This religious observance peculiar to the American people established by the piety and sense of duty of our forefathers, to express their grateful feelings and dependence upon a Divine Providence for the enjoyment of the choicest of temporal blessings. Such being the origin of this religious custom of our nation, it is recommended by the Executive of this State that we unite as one community with the people of our sister States in observing the day with appropriate religious exercises, and in the offering of thanks and prayer to the Supreme Disposer of every good, for its protection and forbearance for the past and future.

In testimony whereof, I, Nelson Dewey, Governor of the State of Wisconsin, have hereunto set my hand [L. S.] and caused it to be sealed with the Great Seal of the State.

Done at Madison, this third day of November, in the year one thousand eight hundred and fifty-one.

By the Governor: NELSON DEWEY.

WM. A. BARR, Secretary of State.

Whose fault is it---Who has changed?

The Buffalo *Commercial Advertiser*, in a recent article says:

Free Soilism has destroyed the Whig party in Ohio, as it will every where else, in the long run, unless the *sensible, reflecting, advanced whigs* come *boldly to their strength*, and, discarding the cant of every sort, *rally on the old platform, sustain their own principles*, listen to the counsels of their time-honored leade sand turn them whole strength against the common enemy.

Our friends of the *Commercial*—and we hope that we may long be such—ought to be satisfied by this time with the experiment of the "consolidation of the strength of the reflecting national whigs." In New York, Pennsylvania, and Massachusetts, they have recently "consolidated their strength," and the consequence is the loss to the Whigs of those three great States, and that by bogging in to the local cause a collateral issue. And if our friend will take the trouble to look up that "old platform" and those "sacred principles," we think it will find that platform under the feet, and those principles in the hearts, of the Whigs who have suffered defeat in the three States mentioned, and who have so nobly pulled together in Wisconsin.

In New York, the old platform was knocked away, and the attempt to substitute another has failed. In this state, we stand where we have always stood, on that same old platform, earnestly striving for the success of those ancient principles and the people are with us! We are satisfied with our success and our prospects—how is it with our New York friends?

CHANGE OF TONE.—The *Commercial Advertiser*, which was especially sweet upon the "National Whigs" before election, and did its best to coax them into the support of Mr. Upham, now that its blandishments can no longer avail, attacks and abuses the Administration (which it "honored and respected" only a fortnight ago!) in this wise:—

The present National Administration is every where repudiated and denounced—and how could it be otherwise? Its elevation to power was by the merest accident. It has no bond of union to preserve it. Its old adherents are split into fragments. A vast number of those whose votes gave success to Taylor, were never the friends of Tallmadge—and even the few who still hang upon his skirts are *other office holders, or expectants* of favors at the hands of the President.—They are mere *political hacks and schemers*, looking out for the spoils of office. *Sunshine politicians*, who gamble to power only to bask in official smiles.

The *Commercial* draws this picture from memory, and the likeness is indisputable. Our neighbor was undoubtedly thinking of those good old times, when, in company with other "political hacks," and "sunshine politicians," he held office under Capt. TYLER, and clung tenaciously to his skirts until the People "carried him back to old Virginny."

ON BOTH SIDES.—The *Commercial*, which can never forgive the present Common Council for neglecting to avail themselves of its valuable services as the "official organ," seeks occasion to abuse them, with or without reason. Here is its last "shout":

The present "People's Aldermen" seem, in addition to their other acts of omission and indecision, to be entirely incapable of devising any scheme for enforcing the laws, or of providing an excuse for their evasion. The present license law is no doubt erroneous and oppressive, and should be essentially modified, or repealed.

In one breath this consistent journal denounces the Aldermen for not "enforcing" the License Law, and in the next it denounces the Law itself as "erroneous and oppressive"! If it be so, the *Commercial's* own political friends are in fault, *for they made it*. And as to its practical working, the Aldermen have repeatedly instructed the Marshal, their executive officer, to put the law rigidly in force, and the Marshal pleads, in "excuse for its evasion," that juries will not convict, nor Justices punish those whom he prosecutes for selling Liquor without license.

GOOD FEELING.—Our friend of the Green Bay *Advocate*, who turns up among the successful candidates at the recent election, and who, we doubt not, has enough of his old Whig honesty about him to make it good Secretary of State, congratulates the party on coming out of the contest "with good feeling in its ranks, and confidence among its members."

We don't know how it is up North, but in this quarter both articles are scarce commodities in the "regular democratic" market—supply short, and wanted" very much.

SOUR GRAPES.—Amidst the sad feelings inspired by the loss of the Governor in this State, the Green Bay *Advocate* discovers a crumb of comfort left, in the fact that the Loco Foco party "comes out of the contest with the three officers who have all along had their keeping that first and dearest charge, the School Fund."

We will not think that the officers elect will be more faithful to the people in "keeping" that sacred fund; else there will not be hide or hair left of them at the next election.

☞ The *Wisconsin*, since the thrashing it got at the State election, barks at shadows, and stumbles over every straw. Our statement that the whigs and free soilers would have a majority in the Assembly and probably on joint ballot, draws from it the note of fresh alarm from our scary neighbor:

ANOTHER CONCESSION.—The Sentinel is evidently throwing out another bait for a coalition with the free soilers at the approaching session of the Legislature.

The *Sentinel* has done nothing of the sort.

DAILY AT MADISON.—The Proprietors of the Madison *Express* give notice of their intention to publish a Daily, during the coming session of the Legislature, in which full and accurate reports of the proceedings, together with the news of the day, will be regularly given. It will be furnished to subscribers at *one dollar* per copy, or 12 copies for $10. Those of our citizens who may wish to take a Daily paper from Madison during the session, will find the *Express* a very good one.

WILLING TO ACCOMMODATE.—The *Commercial*, in the course of some speculations about the next Presidency, avows its willingness to go for any one of eight candidates whom it names. The editor has doubtless heard of the plan on foot, among the Democracy in this Congressional District, to throw him overboard and appoint somebody else as a Delegate to the National Convention.

"GRUMBLING CONSTANT."—The *Wisconsin*, amidst the wreck of all its Hunker hopes, discovers one gleam of consolation, that "the whigs cannot have a majority (in the Assembly) without a coalition with the free soilers." Well, neither can the Hunkers.

No Coalition.

And what say you to the "unprincipled coalition between the Compromise" Whiggery and "Free Soilers" in Wisconsin.—*Commercial.*

Why, we say that we haven't heard of any such thing: have you?

SHOWING THEIR HANDS.—Now that election is over and nothing to be gained by affecting friendship for Banks, or playing *dummy* on this question, many of our democratic exchanges make haste to put themselves on record *against* banks. The Green Bay *Advocate*, whose editor is the Democratic Secretary of State elect, thus comments upon the vote in his town:

TEN Votes against Banks, in Green Bay! We urge this immortal ten to meet in our office as soon as possible, while No-Bank men are unpopular, and receive medals which they may show hereafter. By-and-by, when the people are ridden down and cursed with bank, we don't want a thousand or more men all claiming that they cast one of these ten votes.

In the same paper, a correspondent, writing from a Milwaukee, places on file the following "anti-Bank" profession:

I do not hesitate to predict that within five years after Banks are introduced into the State, the very name will be loathed by our people who have suffered from their operations and been defrauded by their failures. I only hope, and I say it in all candor and honesty, that, if the people have voted for Banks, they have placed the power to establish them in the hands of the party whose *especial watchword has been "Banks."* If Mr. Upham is defeated, I hope and trust that the Legislature has gone with him, and that, as the whigs have assumed the measures as theirs, the responsibility will be theirs to bear. And, when the State is flooded with the spurious issues of worthless bank paper, and the brilliant bubbles burst, leaving us flat on our backs and retarding the prosperity of the State a score of years, the people will know who are their best friends.

It is easy to discover, in all this, the innate and unrelenting hostility of the party leaders in this State to all Banking institutions. Notwithstanding the strong popular expression in favor of Banks—the so called "democracy" would even now, if they had the power, prohibit the introduction of Banking in Wisconsin. As to the pretended wish, put forth on the above extract and in many other quarters, that the whigs had the Legislature, as well as the Governor, it is all *gammon*. If Hunkerdom is really anxious to give the whigs the chance to hang themselves, by passing a General Banking Law, just let four or five of their Senators resign and allow us the opportunity to fill the vacancies—and thus secure majorities in *both* Branches of the Legislature. The whigs are entirely ready and willing to assume the responsibility, which Hunkerdom *affects* great anxiety to cast upon their shoulders.

ANOTHER "INFLUENCE."—We continue to receive serious articles in our loco exchanges from the country, accounting for the defeat of their candidates for Governor and Assembly. We don't exactly understand why it is that they do not give due credit to the O. F. O. of 1001 for its doings in the canvass; but people differ about that. Among the "influences" at work to bring about the defeat of the "regular democracy," we find the Sauk Co. *Standard* numbers the following.—We copy and file it away among the others:

They feared to avow their sentiments on the bank question, and on that question mainly they have been defeated. They gave the "cold shoulder" to the free soil portion of the party, and in return the free soilers have been instrumental in defeating them. We apprehended this defeat, and were sorry that the Democratic State Convention did not stand manfully up to the former professions of the party. But we do not mourn over the defeat as we would had it occurred under different circumstances, since it will show certain "reliables" that when they attempt to "kick out the free soilers" from the party, they kick themselves out of power. We hope the, result may have the tendency to convince them that "honesty is the best policy," even in politics.

MASSACHUSETTS.—The complete vote for Governor in the old Bay State, at the recent election, stands thus: WINTHROP (W.) 64,601: BOUTWELL (dem.) 43,922, PALFREY (F. S.) 28,599; majority for WINTHROP over BOUTWELL 20,779, and over BALLEY 36,002! The vote is the largest ever cast in the State; the whig vote is increased 7,663 since last year; the democratic vote 7,851, and the Free Soil vote 952. The New York *Mirror*, which claims to support our Whig National Administration, coolly ascribes Mr. WINTHROP'S failure to receive a majority of all the votes cast, to the fact that he did not vote for the compromise measures in the last Congress!

IMPORTANT TO U. S. MARSHALS, &c.—Comptroller Whittlesey recently decided that United States Marshals and Attorneys, and Clerks of United States Courts in the several States, should not be allowed for services performed by them in the discharge of their official duty, greater compensation than was allowed for like services to corresponding State officers, by the laws in the several States in the year 1841. The practice, we believe, has heretofore been different. In accordance with the Comptroller's instructions, a suit was brought against Joshua Howard, Marshal of Michigan, in the Circuit Court of the United States for that District, before Judge McLean, for the recovery of $1,113 13, and the decision of the Comptroller was reversed.

THE SLAVE MADE FREE.—BOLDING AT HOME.—Bolding the South Carolina Slave, joined his wife and children on Saturday Nov. 10 at Poughkeepsie in good health. He came home by way of Nashville, to elude the vigilance of parties in Columbia, who were opposed to his return. He says that he was kept in close confinement during his stay at the South, but was subjected to no personal abuse.

☞ The Sons of Temperance of Mineral Point have issued a circular calling upon the friends of Temperance to petition the next Legislature to repeal the present License Law, and pass one similar to that now in force in the State of Maine. This law not only prohibits the traffic, but authorizes the proper officers to destroy all liquor brought into the State.

It may answer for Maine, but it would be neither politic, nor practicable in Wisconsin.

Washington, Nov. 11.

Mr. Webster will soon retire from the Cabinet. (We consider this incorrect.—*Ed. Wis.*)—*Wisconsin of Monday.*

Mr. WEBSTER will undoubtedly reconsider his determination to "soon retire from the Cabinet," when he learns that our neighbor of the *Wisconsin* "considers it incorrect."

GROWING OVER IT.—Mr. WARREN SMITH, it seems, is elected County Treasurer of Sheboygan County (which gives Upham 458 majority,) by *three* Votes over his Whig opponent. Mr. Gilman Whempon the Sheboygan *Nieuwbode* goes into ecstasies over the result as follows:

Aan kartelpike mannspunk'n, vreugdevuren, fusteken van vuurwerken, enz. ontbrak het dan ook niet en nog laat in den nacht hoorde men het geroep, hoera, hoera, voor WARREN SMITH!

☞ Will the Sentinel inform the public whether Mr. C. H. Williams the Receiver, actively favored the coalition?—*Wisconsin.*

Will the *Wisconsin* inform the public whether its editor voted a *split* ticket on the Bank, as he did on the Suffrage question?

TAKE YOUR CHOICE.—Our philosophical friend of the Manitowoc *Herald*, thus tenders to his readers a choice of explanations for the recent defeat of Hunkerdom in this State:

This result illustrates that the combined strength of the Whigs and Abolitionists was too much for us—or that General Apathy was abroad—or that our candidate was unpopular. Our friends can subscribe to any or all of these reasons as best suits their taste. We had made up our mind that a good "lickin" was in store for us, and we feel better now that it is over. We did our duty in this county, and we will do better still next time.

INFORMATION WANTED.—Wanted, information of George and John Marrabello, who left New York about twelve months ago, with their mother for Milwaukee, Wisconsin, or Chicago, Illinois.—Any information respecting them will be thankfully received by their father, J. Marabello, at 132 Fulton Street, New York.

☞ The Watertown Register says it sees no reason to complain of the complexion of the Legislature. Nor we. If ever a party deserved a thrashing, it is the Hunker party of this State.—*Free Democrat.*

And if ever a party got what it deserved, the Hunker Party of this State did at the last election. Much good may it do them.

Gov. TALLMADGE, Mr. MOSES M. STRONG, and A. T. GRAY, Esq. of the Rock County *Banner*, are among the visitors in our city at the present speaking. Gov. TALLMADGE leaves for the East this morning.

WINNEBAGOES IN MINNESOTA.—The Minnesota *Pioneer* states that the recent sudden move of the Winnebagoes in that Territory, which called out the dragoons to drive them back to their new location, was not caused by any desire to get back to Wisconsin, but solely to get away from the traders, who followed them from place to place in order to get the money from the Indians. Their Agent, Mr. Findley, advised the latter to keep clear of the traders, and save their money so as to buy provisions if their hunt should be unsuccessful. In compliance with this advice the Indians went to Watab, but finding the traders there, pushed on to Itasca. To this place they were followed by the traders, when they encamped for Rum River. Not liking to go so far, the traders started the report that the Indians were off for Wisconsin, and soon had the dragoons on their track. Maj. Alexander, who commanded the U. S. troops, when he found what were the facts in the case, declined to interfere, and returned to Fort Snelling.

SIGNS OF "THE TIMES."—The New York Daily *Times*, now in its eighth week of publication, has already attained a circulation of 15,360 copies; a success unparalleled in Newspaper enterprise.—The *Times* is undoubtedly the cheapest and best penny paper in the world, and its Weekly, especially designed for Country circulation, abounds in interesting reading matter.

THE EMPIRE STATE.—This fine steamer is being repaired at Cleveland, and receiving an addition of twenty feet forward, giving her a sharp bow, and probably adding to her speed.

MORE STEAMERS.—Two new steamships, of 1060 tons each, are building at Philadelphia, to ply between that city and Savannah, Georgia.

A Significant Speech.

At the recent reception of Kossuth at Southampton, Mr. Croskey, the American Consul, in the course of a very interesting speech, took occasion to make the following remarks:

No country had so firmly adhered to the doctrine of non-intervention as had the United States. The doctrine had been bequeathed to them by Washington, and they still looked upon it as a sacred bequest. But there were many of his countrymen who considered that, with their increased power and their dazzling future, a new and a somewhat different policy might be forced upon them by the necessities of their growing condition. The time would come, if it had not already come, when the United States would be forced into taking more than an interest in European politics. When they should be so forced, he hoped they would still adhere to the advice of Washington, and at the same time require of the other members of the great family of nations to adhere to the same doctrine. He hoped, when introduced into the arena of European politics, they would be introduced as the ally of England upon some such great constitutional cause as that of the independence of Hungary crushed by foreign intervention. Hand in hand with Great Britain, no combination of despotic governments could re-enact the terrible drama of placing the foot of absolution upon the neck of national independence and constitutional freedom.

THE GREELEY MILWAUKEE.—The editor of the Manitowoc *Herald*, who visits our city occasionally always has some good thing to tell his readers about us when he gets home again. We take the liberty of copying a part of an article from his last issue:

MILWAUKEE.—This young city, of giant energy and unprecedented growth, presents just now some striking and even contradictory characteristics. It is supposed—and possibly there may be too much reality in the supposition—to be under the influence of a momentary depression, traceable to the successive failures of the crops throughout the State, and Milwaukee, as the great metropolis, must of necessity be the centre of this stagnation's influence. Yet, strange to say, to the unfamiliar observer, it presents a scene of bustle, and activity, indicating almost certain prosperity. Merchants are receiving and selling goods—tradesmen are driving their different crafts with energy and apparent success—and in all the active departments of life there seems a prevailing *mania* to excel. The whole city wears a thriving appearance—elegant residences are being erected on choice and beautiful localities—blocks of stores of a cost and tasteful and modern style of architecture are in course of erection, and yet, with these appearances, we were told that "the times are hard."

* * * * *

We do not believe that any permanent or serious financial obstruction will prevail in Milwaukee, and even now it is almost a tax upon one's credulity to realize that the money market is not easy as of yore. The visitor is constantly struck with the appearance of prosperity and thrift exhibited in the bustle and activity of business men—the cheerful and happy faces of the elegantly dressed ladies who throng the main avenues of the city, and the fashionable audiences who crowd the concert rooms. And their conversation is not of bankruptcies and dishonored paper, but of Parodi the Queen of Song, and Strakosch, the prince of Pianists—of "*Casta Diva*" and "*Casting through the Rye.*" All this is more pleasant than visions of financial gloom, and, to use an old adage slightly reversed, we hope "the *mere* justify the *end*."

Milwaukee is a brave young city, and we like it. It combines all the elements necessary to insure prosperity and increase. Talent, industry, capital, indomitable enterprise and perseverance under difficulties, characterize her citizens, and these will bring her out of any trial, or sustain her under any crisis.

POINTING A MORAL.—The Depere *Advertiser*, a democratic paper which had the audacity to speak its mind about its party and candidates previous to the election, thus discourses about the result:

The election returns from the different towns heard from, quite surprise us. It seems to us that the State has gone for Farwell, beyond a doubt. This, while it gives the whigs cause to triumph in the election of their Champion, should also give joy to the heart of every true democrat, as it shows there are thousands of true democrats in the State, who have not bowed the knee to Baal, but who are firm and unyielding in their devotion to the interests of the State. Yes, thank God, Wisconsin is safe. We are content for her safety in the terrible crisis, she has just passed. To desert a leader, to pursue a course adverse to the principles we approve, argues no ordinary occasion, bespeaks the highest patriotism, or the basest treachery. The people have come manfully to the work. Political prejudices have been discarded, party lines over-leaped, law, justice, and honor, became the political test, and the people have not hesitated on which side to arrange themselves.

Honor to Milwaukee! Were she sunk ever so low, this one act should render her immortal. A new constellation might well ascend to the celestial *gallery*, to honor her *Herculanean* exploit at the recent election.

We presume that it is the types, and not the editors of the *Advertiser*, that propose to send a new constellation into the "celestial galaxy" in honor of Milwaukee's "Herculanean exploit." Or is Mrs. PARTINGTON sojourning at Depere just now?

"A FIRE IN THE REAR."—We find the following story in the Chicago Tribune;

GOV. MARCY'S "patched breeches" are destined to as certain immortality as himself. The following story is told of the Governor and Judge Douglas. At a dinner given on the occasion of the State Fair at Rochester, the former proposed the death of Judge Douglas and expressed the hope that he might continue to fill his present post in the U. S. Senate for the next ten years. The Governor's eye, it is said, twinkled with delight as he perceived the whole company saw the hit that he intended. The "little Giant," however, maintaining his equilibrium perfectly, returned thanks for the compliment and concluded by proposing "Gov. Marcy, the distinguished ex-secretary of war: With not a spot upon his character and but one patch upon his breeches"—after which it is said the distinguished ex-secretary of war was very soon missing.

MRS. TORREY.—The Manitowoc *Herald*, whose editor has recently visited us, says:

Milwaukee has had a musical feast. Parodi, Patti, Strakosch and Arthurson have been concertizing there, and left them in an ecstacy of musical delight.

We did not hear them, but we heard a sweet voice in Milwaukee; not in the concert room, but within the sacred walls of St. Paul's Church. We have heard the rich echo of Julia Northall's voice in the choir of Grace Church, New York, and it is no injustice to Julia to say that Mrs. Torrey's quite as rich, and, for church music, even more melodious.

EXTRAORDINARY PERFORMANCE WITH ONE PADDLE WHEEL.—The steamship Northerner sailed from Panama, on the 15th of August, with three hundred and twenty passengers. On the 18 h, at nine in the morning, at a distance of fifte hu dred miles from Panama, and in the vicinity of Cape Blanco, she broke her starboard shaft close to the inner flange; the break occurring on that precise point, allowed the engine to turn the larboard wheel with as much ease and facility as before the accident. By the exertions of the engineer and his able assistants, the broken wheel was secured with chains, the lower sections taken off, and in seven hours from the time of the accident, the ship was under way and running eight miles per hour. Capt. Randall* then determined to proceed on the voyage, and arrived in twenty days after the accident, having run three thousand miles with one wheel—a much greater distance than has ever been performed by a crippled ship.

DEPERE.—Among the improvements going on at this place, is the large warehouse which is being constructed by Mr. Kelsey. It is three stories high, and will be a strong, handsome building. A large dock, with a carriage way connecting with the shore, are completed.

A Presbyterian church is in process of completion.

The people of Depere are building a river steamboat, intended to be ready for business early next season. It will be launched before the river closes.—*Green Bay Advocate.*

Baltimore, Nov. 12.

By the southern mail we have the New Orleans papers with Galveston dates to the 31st ult., giving accounts of various Indians depredations. The Indians were pursued by Gen. F. F. Smith, with some troops, when their plunder was recaptured, and three wounded and two killed.

A lawyer named Byrne fell dead in Richmond in a fit of passion the other day.

☞ The steamer Michigan came in yesterday, and we are indebted to her popular steward, Mr. Barton, for Eastern papers in advance of the mail.

She brought a very heavy freight, among which was a large quantity of iron, cars, &c. for the Fond du Lac Railroad.—Green Bay *Advocate* 13t.

ANOTHER 'LODE'.—Perseverance will overcome difficulties. Since our last issue another valuable prospect has rewarded the labors of industry.—The diggings referred to are about one mile from town and promise to make rich returns for labor. There are many of the same sort left! Dig on my all of you who want to "struck a lead."—*Pi Mouille Americus.*

City Matters.

THE BLAKELY FAMILY.—These Vocalists gave their third and last Concert in our city on Monday evening. Although they came hither unheralded, and during a week of gloomy and unsettled weather, they have attracted fair audiences, and have added, with each performance, to their popularity. Their Concert on Monday evening passed off very acceptably, eliciting warm applause and leaving a highly favorable impression. The Instrumental portions of the entertainment were remarkably well given, Mr. HUBBARD'S Violin solo meriting the plaudits which it called forth. Of the Vocal performances, those which pleased us the most were the quartettes, especially the concluding chant, "Father, hear our prayer."—This was very sweetly sung and deservedly applauded. Our first favorable opinion of the Blakely Familydwas confirmed and strengthened by a second hearing. Their modest deportment, musical talent and good taste must win friends and admirers wherever they appear. They go hence to Waukegan, Chicago, &c., and we take pleasure in commending them to the good offices of our contemporaries of the press in those cities.

"GLANCES AT EUROPE."—The well-known letters, under this title, written by HORACE GREELEY, editor of the N. Y. *Tribune*, during the past summer, and very extensively published in the newspapers of this and other countries, have been collected and given to the public in a neat duodecimo of 350 pages. Few letters were ever written about the Old World which deserved or commanded more general perusal in this, and all who have read them once in the newspapers will be glad to meet with them again in Book form, and transform them into "Household words." The publishers, DEWITT & DAVENPORT, New York, have printed these letters in large and clear type and on fair white paper, so that the enjoyment of the reader is not impaired by any difficulties of perusal. The book is for sale at Hopkin's Bookstore, P. S. Block.

ORATORIO OF THE CREATION.—Our music-loving readers will, we are quite sure, rejoice to see, by the card in our advertising columns, that the Oratorio of the Creation, which was brought out in such admirable style by the Musical Society in June last, is to be repeated on *Friday evening next*. The attention of Members of the Society, especially those who are in arrears, is specially invited to the notice in regard to outstanding dues. Where the monthly contribution is so inconsiderable, and the entertainment which constitutes the *quid pro quo* is of such superior quality, there ought to be no delay, or hesitation in *paying up.*

MAKE HAY WHILE THE SUN SHINES.—We hope our Aldermen, Street Inspectors, and Contractors will improve to the uttermost the present fine weather. There is still time, before Winter closes in upon us, to get Wisconsin Street, and its tributaries, in good order. We were glad to see a large gang at work upon it, yesterday, and to observe a visible progress in its improvement. "Keep digging," Messrs. Contractors, and a week or so will make the street ship-shape once more.

THEATRE.—We learn from Mr. J. B. RICE that he will close the Theatre in Chicago at the end of this month, and come to this city, with his Company, for the Winter Campaign. As preparatory thereto, the Theatre here is undergoing a thorough renovation, and will be put in excellent order throughout. Mr. RICE brings with him a good Company and a capital Orchestra, and hopes, during the season, to introduce sundry "stars" to the Milwaukee public.

M. & M. R. R.—Owing to the unfavorable weather, the trains have not yet commenced running to Jenkinsville. They will probably commence on Monday next, and thenceforward there will be a change in the time of arrival of the cars in the evening, which will bring our mails in in better time.

SALE OF FURNITURE.—ROONEY sells tomorrow at 10 A. M. the household furniture of Dr. S. Johnson at the residence of the latter, on Van Buren St. It offers an excellent opportunity for those who are about going to housekeeping, or who are in need of desirable articles of household use. See advertisement and catalogues.

☞ Professor GRIMES is still in town and lecturing to large and interested audiences, at the Free Congregational Church, on Phrenology, Magnetism and other kindred topics.

FIGHTING ON THE FRONTIERS.

The steamship Fanny, Captain Auld, arrived at New Orleans, November 2nd, 75 hours from Brazos St. Jago, with 26 passengers and $24,480 in specie.

On the 30th ult, the day on which the Fanny sailed, Carnavajal was still fighting in Matamoras having been engaged since the 21st. He had taken the west side of the town, and was within four blocks of General Avalos' quarters in the Plaza, which isstrongly fortified with eight pieces of cannon, each piece placed so as to protect the other.

It is supposed that Carnajal could have taken that place in a few hours, but his object was to save the citizens and property. From that consideration the seige has been much longer than was anticipated.

On the 23d, a fire took place in the large buildings known as the "Divine Buildings," destroying every thing before it, as far as the Custom House, which was also consumed, with all the goods.

On the night of the 25th, the large store of Mr. Lopez took fire, and was entirely consumed, with goods to the amount of fifty or sixty thousand dollars, the property of Mr. Dalson and others.

Gen. Avalos, on the 23d issued orders for every American seen in the streets to be shot down.

The U. S. Mail Steamer Mentoria, having received orders from Capt. Phelps, in command at Fort Brown, took the troops on board to carry them to Matamoras. She proceeded as far as the mouth of the Rio Grande, (inside) when the received orders to return to Brazos and re embark the troops on the Neptune, Gen. Caravajal having protested to Capt. Phelps against such proceeding. Mr. L. A. Longstreth, a respectable merchant of many years standing in Matamoras, was shot through the body while on the roof of his house, and died from his wound on the 22d. The American Consul, J. F. Waddell, received a shot in the cheek, while at the fire above stated.

Captain Ford was also wounded in the head, but it is supposed that he will be able to take his command in a few days. The report, up to the latest date, was that Caravajal's loss was three killed and fifteen wounded. He has but one piece of artillery and is compelled to do the fighting with small arms. The loss on Gen. Avalos' side was 150 killed and wounded. Avalos was also wounded in the leg, while in the act of jumping through a window.

Left in port schooner Eagle, discharging.—Brig Brownsville sailed for New Orleans on the 30th ult.

LEXINGTON INSURANCE CO.

To the Agents of the Lexington Fire, Life and Marine Insurance Company:

GENTLEMEN:—It is my duty to announce to you the suspension of this company, produced by an unprecedented series of misfortunes, extending over a period of more than two years.

In order to secure as just and equitable a distribution of her assets as was possible under the circumstances, it was deemed advisable by the Directory of the Institution to make a general assignment to a trustee. Such a conveyance has accordingly been made to the Hon. R. A. Buckner, who now holds the legal title to all the effects of the company. To him you will therefore in future address yourself.

Any person holding unsatisfied claims against us within the limits of your agency, you will please notify of the changes above stated, and refer them to Mr. Buckner for further information.

The stockholders of the Institution, and the Directory, who have endorsed its paper to the amount of nearly $100,000, will be the principal losers.—Comparatively but a small amount, if anything, will be lost to our customers.

I am, very respectfully your obt. servt.

NEW YORK ELECTION—BETTER!

The General Result.

The actual result is still in doubt, although we have the official reports (either the full vote or majorities) from every county in the state. It is generally conceded that Fitzhugh (whig) is elected and some insist that Cook (W.) has a majority. The vote on Attorney General is close, with the chances for Chatfield. The rest are considered against us.

The Legislature.—The political character of this branch of the Government is becoming defined. It may now be considered a "fixed fact" that the Senate is a tie and House Whig by two majority. The report yesterday that Niagara had elected a Locofoco member was untounded. The official shows the election of both Whigs.

The following are the apparent majorities, according to the official canvass, on the different State Officers:

Cook, (whig) Treasurer 134; Chatfield (dem.) Atty: Gen'l. 113.

Fitzhugh (whig) Canal Com. 738; Wright (dem.) Comptroller 500.

Mcalpine (dem.) Engineer 2430; Stone (dem.) Prison Inspector 2,960.

THE BEST FEMALE MEDICINE KNOWN!

The peculiar maladies to which females are subject commonly produce great debility exhaustion, accompanied by a depressed and often gloomy state of mind. As the system declines and often shrinks from its accustomed exercise, and flesh calls strength there is no remedy more efficacious, and this is very naturally impairs the energy of the mind and disturbs the equanimity of the temper. Every candid woman who has suffered from female complaints will admit this to be a truth mournful truth. Now, to obtain relief it is only necessary to stop the tendency to depletion and debility. This desirable object is specially and completely accomplished by renewing that fountain of health and strength, the BLOOD, and no medicine accomplishes this desirable result so specially and completely as Dr. Guysott's Improved Extract of Yellow Dock and Sarsaparilla.

Let those of pale complexion and exhausted habits, and all those who are debilitated by the secret ailments which females are doubtless subject to, be encouraged to do so, for they will be able to, are restored, by the use of a bottle or two, to health and vigor.

Dr. Guysott's Improved Extract of Yellow dock and Sarsaparilla is a sure remedy for Hereditary taint.

Females, Read the Following.

NEWARK, N. J., Jan. 25, 1849.

S. F. Bennett—We take pleasure in stating that your Yellow Dock Sarsaparilla gives great satisfaction in every case. A very respectable gentleman informed me that his daughter was troubled with a disease of the womb, and other diseases peculiar to her sex. She had not had her regular menstrual discharge for a long time; but by the use of Dr. Guysott's Yellow Dock and Sarsaparilla was radically cured, and has since had two children without receiving the slightest benefit. He had one daughter die from the use of cause.

H. & J. TRUE & Co.

HERMANSVILLE, Oswego Co., May, 1849.

S. F. Bennett—Dear Sir: I purchased a short time ago a bottle of your Yellow Dock and Sarsaparilla for my wife which she has used for her complaint, Erysipelas and weakness, Falling of the Womb, etc., and it has already helped her very much. Of the Erysipelas it has effected a perfect cure. I have just purchased a second bottle, and judging from the effect of the former feel confident that it will effect a perfect cure.

Yours, very respectfully, S. COBURN.

Cure of an aggravated case of Erysipelas.

The cures performed by Dr. Guysott's Extract of Yellow Dock and Sarsaparilla are lasting. The parents of several children can testify to the permanency of their cures. Cures in such cases as these, and of such long standing, are the only ones which we consider worthy of publication. Cures of a few months' standing are of little value, as we have frequently known cases where no other known remedy will do it. This it has appeared to do in numerous cases of Chronic Sore Eyes and partial blindness, where the most eminent medical men had failed. For Inflammatory Rheumatism, Burns, Freezes, Ulcerated sores, Scald head, or for relief from a sudden stoppage of the power of the skin by colds or fevers, a thorough trial will establish its claims to the confidence of the public. Our agents are supplied with circulars containing interesting details of its happy effects in many extreme cases.

The attention of Physicians is respectfully called to a careful scrutiny of the merits of this article.

TO THE PUBLIC.

THE introduction of Dr. John Bull's unequalled Sarsaparilla, has formed an era in the medical world. Its rise, progress, and the many wonderful cures it has effected, since it was introduced to the public, have been a subject of great astonishment, and every compounded the conclusion of the American people. When the history of this truly wonderful medicine is known, together with the extraordinary exertions made by Dr. Bull, to make it the most valuable compound of Sarsaparilla known to the world, its rapid and unprecedented rise and progress will no longer be a theme of astonishment.

Twenty-six years since, Dr. Bull, then a boy, came to Louisville, and was employed for a number of years in studying the business of an Apothecary, with Messrs. Byers & Butler, Dr. T. E. Wilson, and the lamented L. Gerardus Allen leaving the service of Dr. Wilson, Dr. Bull was employed by Dr. F. Scorch, an old and celebrated German physician of this city, and who was for many years Surgeon in the Grand Army of Napoleon. By studying the peculiar properties of Sarsaparilla, and the combinations necessary to introduce it among those who were continually suffering from the ravages of Mercury, and which have been of such invaluable service to suffering humanity. He seeks to gain an unspotted reputation not only for following, but may it be recorded, that every gallon of the Sarsaparilla sold by Dr. Bull is made with his own hands, and under his immediate Superintendence. For many years has been daily experimenting, by administering his mixture without charges to patients pronounced incurable; and to his eternal fame be it recorded, his efforts have been crowned with success. The word Sarsaparilla has now gained such a wide-spread reputation, and been established upon such a solid basis, that he is firmly satisfied of its unrivalled merits, and confidently challenges the whole Medical Skill of Europe and America to produce out of Sarsaparilla, a superior preparation to his Fluid Extract.

Dr. Bull would here like to introduce a few of the many testimonials of the wonderful effects of his Sarsaparilla; but to publish the one quarter of the astonishing cures effected by the use of this truly great Medicine, would require a volume of the size of the Bible. The Doctor has to be satisfied by offering the opinions of a few distinguished men, believing that these opinions will be sufficient to induce all who are afflicted to give Bull's Sarsaparilla a trial.

In cases of Debility, Exhaustion, Nervous Debility, and Dyspepsia Consumption, when reduced by Dyspepsia Consumption, when reduced to the verge of the grave. The Scientific Evidence upon which it is based, is to the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, to which various articles of food, as meat and eggs will be subjected, changed, in less of time, as much as the digestive powers of the stomach, and dispersed, in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York; page 35, says the same great fact, and describes the method of preparation. There are few Ligher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the digestive juice is a prominent and the most distressing feature of Dyspepsia." He says that "a diminished power will not venture out of their dwellings without a train of this safeguard in their pockets. It cures all Pains and all Aches; Headache, Pleurisy, Toothache, Neuralgia, Rheumatism, Pain in the Limbs, in the Joints, in the Muscles, the Legs, Feet, Arms, Shoulders—wherever and whatever the pain may be, it is instantly subdued in the most rapid manner. Not only is it a remarkable fact in the cure of fresh, and of chronic cases of asthma, digestion is also in no wise different from the natural digestive process."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.—He carefully points out the limits of this secretion, and the experiments with Dr. Beaumont, on the case of Alexis St. Martin, who, in two months, digested food from an adjacent room in a tin pail, and from another room in a glass vessel, he says: "digestion occurred as perfectly in the artificial as in the natural digestive fluid."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry, 1846-8vo, says: It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every Physician and Student, and a Text-Book in all the Colleges, is full of evidence similar to the above, and respecting the remedy to be especially separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for disease of the stomach, and deficient secretion of the gastric juice.

All modern works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of Pepsin, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural, can be prepared, is thus established beyond question. The only wonder is, that it has not before been applied to the cure of indigestion and Dyspepsia—so naturally does such a cure suggest itself to the mind.

AS A DYSPEPSIA CURER.

Dr. Houghton's PEPSIN has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. Those were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Bilious Disorder. Its invigorating, Nervous Tonic Agent, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for stores in eating and the too free use of ardent spirits. It almost reconstitutes Health with future exercise.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No one knows how bad they may be, it gives instant relief. Read its symptoms and if they unhappily resemble your case, it needs to be repeated for a short time to make these good others permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in case of Sea-sea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low, cold state of the Blood, Restless, Looseness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's Pepsin is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared both in Liquid and Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use Physicians may be obtained of Dr. Houghton or his Agents describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is a secret Remedy and cannot be analyzed against its use by Physicians in respectable standing and regular practice. Price One Dollar per bottle.

Beware of Imitations. Every bottle of the genuine Pepsin bears the written signature of S. Houghton, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

NEW YORK ELECTION—BETTER!

The General Result.

The actual result is still in doubt, although we leave the official reports (either the full vote or majorities) from every county in the state. It is generally conceded that Pittbugh (Whig) is elected and some insist that Cook (W.) has a majority. The vote on Attorney General is close, with the chances for Chatfield. The rest are considered against us.

The Legislature.—The political character of this branch of the Government is becoming defined. It may now be considered a "fixed fact" that the senate is a tie and House Whig by two majority. The report yesterday that Niagara had elected a Loco Foco member was unfounded. The official shows the election of both Whigs.

The following are the apparent majorities, according to the official Canvass, on the different State Offices:

Cook, (whig) Treasurer 134; Chatfield (dem.) Atty: Gen'l. 113.

Fitzhugh (whig) Canal Com. 758; Wright (dem.) Comptroller 500.

Meacham (dem.) Engineer 2430; Stowell (dem.) Prison Inspector 2,860

STATE FAIR.

CRANE'S PATENT SOAP took the First Premium at the State Fair at Janesville; also at the State Fair of the State of New York held at the Great Fair of the American Institute. On each it did, because it is the BEST SOAP in use. If any are still sceptical, let them read the following—the names to which might be indefinitely extended—and then try it for themselves, and if it don't succeed, they don't follow the directions:—

We have used Crane's Fever Soap in our families for the past eight months, and pronounce it FULLY EQUAL to its recommendations. We do not discover that it injures clothing in the least. It is the best soap in use. We should not willingly do without it.
